

Laudato Si' Circle meeting 17th November – Summary

- Planters: Bernie sourced the planters for the church entrance and these will be planted up by the parishioners at church on Sunday 21st November after Mass. They will be planted with crocuses and mini daffodils. Thanks to Bernie for this lovely project idea and for making it happen.
- Bike Racks: Bernie has made great progress in researching the possibility of bike racks for the church grounds. Free bike racks are available through a council scheme but first Bernie is waiting for a reply from the diocese regarding positioning the racks and any safety and legal issues to be considered.
- Fruit Trees: Mike has spoken to the nursery beside the park who are able to supply a variety of fruit trees to be planted in the car park border in spring 2022.
- Live Simply Award: We had a discussion on the way forward for the Parish to achieve this award and after the meeting Ros prepared this introduction to the award for the newsletter. Read her article [here](#).
