

PRAYER INTENTIONS 16th January 2022

Prayer intentions will be most welcome; please email clairelowery1998@gmail.com or pass on a written copy to the parishioner who delivers your weekly news.

Please seek permission if you use names in your prayer intention.

*Please keep Joan Mulhall
who is very ill and her
family in your prayers*

This Peace Sunday we pray that politicians around the world will put aside their personal ambitions and work for peace between nations; a lasting peace with justice. We pray for victims of war and that those who are enemies may put aside their hatred and learn to forgive.

We pray for Christian Unity, and for an understanding among the churches, a connection founded on truth and compassion, so that they can grow together to speak on matters that affect the whole of our society.

We pray for our friends and family who are ill & for those in need of the comfort of the Lord. We send our prayers especially to those suffering with the virus.

We pray for all who are struggling in their everyday lives through financial & other reasons, as we hopefully move out of the pandemic. May they find strength, guidance & hope in the words of the Lord.

Let us pray that we can show understanding and empathy to those around us and to demonstrate our Faith in our everyday lives. Let our community continue to work together to be open to the needs of others.

We pray for an end to the division in our country, for tolerance and respect, and for an understanding between neighbours and strangers.
